Dues are \$35 per year. New members pay an initiation fee of \$5, plus \$35 if joining between Jan 1st through the end of September, or \$17.50 if joining between September 1 and December 31. \$5 extra for FMDAC membership.

The Tinfoil Times

Gold Coast Treasure Club, Inc.

Our code of ethics: Have permission and do no harm

We meet at:
South Florida Science Center
Garden Club Building
4800 Dreher Trail North
West Palm Beach, FL 33405

December Meeting

The December meeting will not be held, as we are having our annual Holiday Party.

Details and other information will be sent via email to all members who RSVP'd.

December Birthdays

Vern Blausey	12/9
Larry Rosenbaum	12/15
Laura Reilly	12/23

Club Dues

Just a reminder that club dues will be due by the end of January. Payment can be by check or cash. A \$5 late fee will be incurred if your dues are not paid by February.

Meet the New Board of Gold Coast Treasure Club

President Laurie Haire

Vice President Randy Selnick

Treasurer John Burke

Secretary Kevin Bean

Congratulations to all. Here's to putting 2020 behind us, and getting our club restarted and active again!

This has been a trying year for our club. Our meetings were cancelled, some of us kept hunting, others waited it out before going back out. Stay-at-home hunts were organized so members could get out and 'hunt', even if it wasn't with a detector.

Now that we're getting back to normal—sort of— we can look forward to getting back to meetings, club hunts, and spending time with other members.

Speakers and hunts are being lined up to start the new year, so stay tuned, and we'll see you at the next meeting, January 14.

From your Editor

If you have any ideas for items to be included in the newsletter, please let me know. It can be pictures, funny or interesting stories, or anything, preferably metal detecting related. Just email them to me at kazee_jack@comcast.net.

What happened here?

This man was metal detecting a lake in Springfield, Massachusetts that had just been drained. Witnesses saw him working his way toward the center of the lake. Before long, he was up to his waist, and had to be rescued. You can see how this could happen. He was interested in hunting an area that was normally inaccessible. He was looking at the lake bottom, swinging his detector, and listening to the signals—total tunnel vision. He lost touch with his surroundings. This is a lesson for all of us. Get in the habit of looking up from time to time to keep an eye on what's going on around you.

GCTC on Facebook Our Facebook group is open to anyone who has an interest in treasure hunting or metal detecting. Thanks to Kevin Bean for his work in maintaining this for the club.
