November Meeting

The November meeting is on! It will be held November 12, at 7:00pm.

Full details are in this edition.

November Meeting Details

The November meeting will be at our regular location, the Garden Center building of the South Florida Science Center. Social distancing rules will be strictly enforced. Masks must be worn at all times inside the building. There will be no food or drinks provided at this meeting.

Any prizes that were won during the meeting blackout will be awarded, as well as birthday coins.

More importantly, club officers will be nominated and voted on. This is your chance to serve the club! This will be the last meeting of the year, for the club, so please attend if you can.

When All Else Fails

Some of you have been fortunate enough to have received a new metal detector recently. If so, you probably spent several hours getting acquainted with your electronic marvel. We would like to especially urge you to study carefully the manufacturer's instructions. Even though you may have had a metal detector previously, it still pays to read and absorb every word again before you take off and go on a hunt with your new detector. Missing a single fact or suggestion could deprive you of getting special benefits from your detector that was put into it by the manufacturer. It goes without saying that, if you are having trouble with your detector, and everything that you do does not help, then re-read the directions.

Submitted by Vice President Randy Selnick

Hidden Treasure Hunt

The hidden treasure is still out there. Here are the hints again. Good luck!

First clue:

**With Paul on the beach and Johnny in the parks,
Further inland this treasure hunt starts.
Scoops left at home and shovel on hand,
Carefully fill your holes to please this Man.
Mountains of trash, machines beeps a plenty,
East of 95, the parks not so plenty.**

Second clue:

**A long time since our members I've seen.
Thanks to the BS known as Covid 19.
Apple seeds aren't the only thing I've planted.
This wish for a location hint be granted.
Johnny's parks three, just for Palm Beach.
Standing on the hill, this treasure's within
reach!**

From your Editor

If you have any ideas for items to be included in the newsletter, please let me know. It can be pictures, funny or interesting stories, or anything, preferably metal detecting related. Just email them to me at kazee_jack@comcast.net.

Detecting Must-Haves

How many of these must-have items can you find?

Best Finds

The Best Finds table will return at the November meeting. While most of us were staying indoors, some of you die-hards were out finding stuff. This is your chance to show off what you found, even if all you found looks like this. .
