September Meeting

As I'm sure you expected, the September meeting has been cancelled. There are no plans for October, but we might be meeting again by the end of the year. Details will be sent out as soon as the plans are finalized.

We had another non-group hunt, and new clues have been released for the Hidden Treasure hunt. Details on both of these events are in this issue.

Club Hunt!

We had another hunt similar to the one last month. This one was the Around the Neighborhood hunt. We had to actually go outside to participate! Thanks to everyone who participated, and of course, to Laurie Haire for putting it together for us.

The winning entry came from Jack and Melody Kazee. Below are some of the items they submitted.

Unusual Yard Decoration

Outdoor Recreation Item

Item that Dispenses Water

Item Used for Transport

Monthly Tips from VP Randy Selnick

How many times have you been out coin hunting, and after carefully working an area, someone came along behind you and found a great coin? Other people have done that to me. But I have done the same thing to them. Good targets do not always sound like good targets. Coins can sound like junk from one direction, yet good from another direction. This might explain why an area can never be completely hunted out. Be sure to sweep any sound in all directions. This will save you time and your back from unnecessary digging.

Bottle caps sometimes give a chattering sound. This is in contrast to some detectors which may sputter or pop over junk objects. This can be confusing, as a deep target can make the same noises. But this does not mean they are bad. Learning to identify these sounds can increase your finds. This also takes time and practice. We are in the hobby to have fun and not work so hard to bring home the bacon. Don't give up, just take your time, do many cross sweeps and the rewards will come.

Hidden Treasure Hunt

Did you forget about the Hidden Treasure Hunt? It's been a while since we posted the first set of clues. The treasure is still out there somewhere. Here is the next set of clues:

**A long time since our members I've seen.
Thanks to the BS known as Covid 19.
Apple seeds aren't the only thing I've planted.
This wish for a location hint be granted.
Johnny's parks three, just for Palm Beach.
Standing on the hill, this treasure's within reach!**

Good luck!

Thanks again to John Burke for remembering where he hid this stash, and coming up with the clues!
