**Our next club meeting will be
September 9, 2021 7:00 PM**

South Florida Science Center
Annex Building
Dreher Park
4800 Dreher Trail N
West Palm Beach, FL 33405

Next meeting September 9, 7:00pm

We will be viewing the second half of Tom Dankowski's relic hunting video. Tom has spoken at our club many times, and is a wealth of knowledge, even when he is not at the meeting in person.

The 2021 Gold Coast Treasure Club Holiday Party will be Saturday December 4, 2021. It will be at the same pavilion in Okeethee park. More details will be discussed at the meeting.

COVID Update

As you all know, we are still dealing with COVID. We are relying on you, our members, to be responsible and considerate of others when attending our meetings or other functions. If indoors, wearing a mask is optional, but please observe social distancing rules as much as possible. And if you do wear a mask, we ask that you wear it properly. It must cover your nose and mouth to be effective.

Please be considerate of others. If you are sick, whether you think it is COVID or not, please do not come to the meeting. Anyone arriving at the meeting showing symptoms like runny nose, coughing, watery eyes, etc. will be asked to leave. Please do not put this on the club leaders. We don't want to offend anyone, but we also have to look out for ourselves and our members.

Mystery Item Contest

Don't forget to bring in all of your finds for the month. Each month, we have a mystery item that was selected before the meeting. If one of your items matches the mystery item, you will win a prize.

There is another reason to bring in all of your finds. We will be taking pictures of all the stuff we collect when we're out hunting. These pictures will be put on the club web page to show the kinds of items we find, and how we help with removing trash, some of it potentially dangerous, from our beaches and parks.

Congratulations, Arnie Steiner!

He had the mystery item at the August meeting, and won the silver dime prize.

Detector of the Year Competition

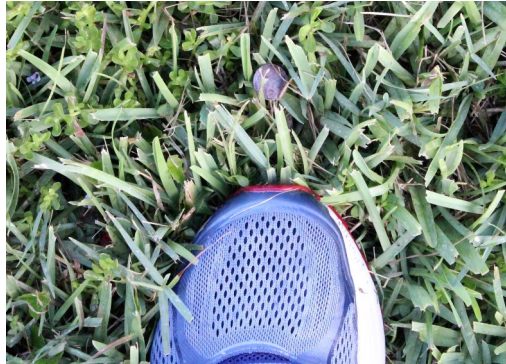

The Detector of the Year competition is going strong. Anyone in the top 5 can still win it.

We award two points for first place, and one point for second place in the Best Finds voting. The competition goes through the November meeting, so you still have time to participate. Good luck!

Heat and Humidity Can Be Very Dangerous This chart shows how humidity affects how hot it feels when you are out hunting. We should always use caution when it's hot outside, but this chart shows how high temperatures and high humidity can combine to make being outdoors dangerous.

Pennies, Pennies Everywhere!

At the August meeting, we had a penny hunt. 500 pennies were scattered in the lawn area behind the building. Members spent about 30 minutes finding all they could. Alfredo Herrera found the most, and was the winner of a handy finds cleaning brush.
