Good News!

Our holiday party is fast approaching. It will be held on Saturday, 12/6. This year's party will be a pot luck. More information and a sign up sheet will be available at the meeting.

2026 DUES

It is that time of year again for dues. Dues can be paid either by cash or check. Reminder, dues are late if not paid by January unless prior arrangements have been made.

BIRTHDAYS

Clara Calder 11/9

Rick Veit 11/23

Our holiday party will be held on Saturday, 12/6, in the STEM Building (current meeting place). The festivities will start at noon.

The party is a potluck. For those of you who did not attend the last meeting, there was a sign up sheet. There are many dishes that have not been spoken for yet. The list will be available at the meeting. However, if you will not be at the meeting, please call me as soon as possible.

We will be having a gift exchange for those individuals who want to participate. The items do not have to be metal detecting related. However, please do not bring liquor/wine. The gift amount should be around \$20.

Also, we plan on having a planted hunt out back of the building with prizes to include a silver medallion.

An RSVP email will be sent out shortly.

CLUB SHIRTS FOR SALE

For those of you who preordered shirts, I will be giving them out at the meeting. They look great!

The cost of our new club shirt is \$25. (Sample below.)

The shirt has UV protection. The club patch is digitally printed on the front (left top side).

For those of you who did not order previously and now want to place an order, I can order shirts in increments of six.

INTERESTING INFO

The following link is a lengthy detailed article on new discoveries regarding the sinking of the Edmund Fitzgerald in 1975, this coming November being the 50th anniversary. It also provides many details on the Great Lakes, ship-wreck locating technology then and today along with information regarding the thousands of wrecks dating back to 1600.
