CLUB SHIRTS FOR SALE

For those of you who preordered shirts, I will be giving them out at the meeting. They look great!

The cost of our new club shirt is \$25. (Sample below.)

The shirt has UV protection. The club patch is digitally printed on the front (left top side).

For those of you who did not order previously and now want to place an order, I can order shirts in increments of six.

INTERESTING INFO

Treasure Coast Archeological Society will be doing their annual hunt on the second Saturday of March (March 14, 2026). The seeded hunts are in the Vero Beach area. More info to follow.

SLANG OF METAL DETECTORISTS

Canslaw – shreds of soda cans that get cut to pieces by lawnmowers.

Freestyling—when you go door-to-door to ask permission to metal detect on private property.

Joke tags— metal plates left by other detectorists as a practical joke.

FOR SALES / REMNDERS

If you have metal detecting related items to sell, you can bring them in to the meetings. A table will be made available for sale items.

If you would like to have your items posted in the Tinfoil Times, please email them to Laurie Haire no later than the end of the month for the following month's issue.

For all those pull tabs and eyeglasses that you find, please bring them to the club meetings. The pull tabs are sent to Ronald McDonald House charities. They turn the pull tabs in as scrap metal and the money goes to the charity.

The eyeglasses go to organizations that provide glasses for those who are in need.
