For those of you who did not order previously and now want to place an order, please let me know. I do have large and extra large shirts in stock.

INTERESTING INFO

FOR SALE / REMINDERS

The metal detectorist always knew where to dig because he had a sixth sense for “cents.”

A treasure hunter walked into a bar... and immediately checked the floor for dropped coins.

The treasure map couldn't get a date because it kept revealing all its “X's.”

Every time the detector beeped, the treasure hunter's heart skipped a beat—and his shovel hit the ground.

The pirate loved metal detecting because it kept him “hooked” on adventure.

If you have metal detecting related items to sell, you can bring them in to the meetings. A table will be made available for sale items.

If you would like to have your items posted in the Tinfoil Times, please email them to Laurie Haire no later than the end of the month for the following month's issue.

For all those pull tabs and eyeglasses that you find, please bring them to the club meetings. The pull tabs are sent to Ronald McDonald House charities. They turn the pull tabs in as scrap metal and the money goes to the charity.

The eyeglasses go to organizations that provide glasses for those who are in need.
